

ANTONIO R. VILLARAIGOSA  
MAYOR

**MEMORANDUM**

**To:** All City Employees  
**From:** Antonio R. Villaraigosa   
Mayor  
**Subject:** 2007 Give to LA Combined Charitable Campaign  
**Date:** July 9, 2007

In 2006, Los Angeles City employees set a new record for philanthropy to the annual City of Los Angeles Combined Charitable Campaign!

Last year, together we raised more than \$600,000 for nonprofit community organizations that address the pressing needs in our community--from infants to seniors. Your contributions helped fund health organizations, provide scholarships, address social needs and implement environmental improvements. Our Give to LA campaign supports programs that are as diverse as Los Angeles itself.

I hope this year's effort will build on last year's great results. I ask you to join me and give what you can to improve the quality of life in our community and to extend assistance to the less fortunate in our community. Each of us can help. Donating even a few dollars can make a difference. I genuinely appreciate your past contributions to the city's combined charitable campaign, and I thank you in advance for your 2007 support. Give to LA!
